

Ted Quinton Architecture

Project proposal

Project Scope

We will design and develop a professional and responsive website tailored to your specifications. The key features include:

Key Pages

- **Home** – Introduction with selected project images and an original interactive feature.
- **About** – Studio introduction with team member photos, service overview (Architecture, Infrastructure, Interior, Digital, Research), practice insights with a highlighted quote, and a dedicated section on the studio's approach.
- **Work** – Showcase of expertise areas with photos and descriptions for Architecture Style, Infrastructure, Interior, Digital, and Research.
- **Experience** – Display of 6–8 key aspects of experience, featuring images and descriptions, inspired by the 'Archive' section.
- **News** (Optional) – Announcements on talks, conventions, events, and annual project calendar launches.
- **Contact** – Contact number and email, studio address with Google Maps integration, navigation menu with social media links, and a personalized brand interaction feature.

Project Timeline

Planning & Wireframing	3 days
Design & Development	24-31 days
Testing & Revisions	7 days
Final Deployment	1 day
